| Introduction | How to use this checklist |
|--|---|
| The construction tender document review is a critical process undertaken by contractors upon receiving a tender invitation. This phase involves a thorough examination of all documents associated with the tender to determine the feasibility and desirability of bidding on the project. The review includes evaluating project specifications, timelines, costs, and legal implications. This checklist ensures that contractors meticulously assess each component to make an informed bid decision, minimizing risks and enhancing the quality of the bid. Users can interact with the checklist by ticking off items, adding comments, and exporting the results as PDF or Excel, complete with a QR code for authenticity. | Click the 'Use this checklist' or 'Start Interactive Checklist' button to launch interactive mode. 2. Tick each item online as you complete it. 3. Add comments on individual items or the entire checklist. 4. Click 'Share' or 'Download' to download your completed checklist as PDF or Excel. |
